Keeping Children Safe
Preventing, recognizing, responding to and reporting child sexual abuse

In the U.S., 1 in 7 girls and 1 in 25 boys are sexually abused before turning 18. We can change that.

Chicago Children’s Advocacy Center provides training for professionals, parents and community members on responding to child sexual abuse. Through lecture and discussion, we cover:

- how to define sexual abuse
- teaching healthy relationships and boundaries
- behavioral indicators of abuse
- responding to inappropriate behaviors in adults
- trauma and its impact
- reacting to disclosures of sexual abuse
- the mandated reporting process
- ChicagoCAC’s role
- how to support children, families and yourself

This training lasts up to three hours and can be done at your location. CE hours are available for social workers, counselors and early intervention providers. There may be fees associated with this training.

Request this training for your workplace, community site or other group now: ChicagoCAC.org/request

Chicago Children’s Advocacy Center and our partners are the front-line responders in Chicago to reports of child sexual abuse, as well as reports of physical abuse of children under 3 years old. Learn more at ChicagoCAC.org.
